

MOVING INTO THE new city hall will begin this week, when departments will start moving records, supplies, and books into their respective places prior to the big move of desks and equipment on March 22. According to administrative assistant Dick DeLong, city personnel will spend all day Friday moving into the new offices. Now, new and empty, this main corridor of the new city hall will be a beehive of activity by March 25. The City Council will make plans to dedicate the new building in the spring. Boyd Cites Union Home Purchase As Argument

"The unions can't think that Palm Springs is such a bad town, when they are spending money here to purchase homes for the union leaders."

This was the statement last night by Mayor Florian Boyd following the reading of a resolution to city council from the Palm Springs Area Democratic Club which asked the city to "stop pursuing the passage of its Right-to-work law." The resolution said that the action was only hurting the community and that Palm Springs was getting the reputation of being anti-labor.

Councilman Jerry Sanborn said that it was hard to believe that it was hurting the community when sales and use tax and parking meters receipts were at an all time high.

The proposed "Right-to-Work" law was declared unconstitutional by Superior Court Judge Hilton McCabe, and special attorney George Richter, Jr., is preparing to take an appeal to the District Court of Appeals.

Israel Appeals For Fast U.S. Mideast Action

WASHINGTON — Israel has appealed to the United States to act swiftly in the Middle East lest the situation bring on a grave new crisis—possibly renewed warfare.

The appeal was made Wednesday night by Israeli Ambassador Abba Eban in a conference with Acting Secretary of State Christian A. Herter.

Eban told newsmen the situation in the Gaza area of Egypt is one of "deep gravity." He said he delivered to Herter a special message on Gaza from the Israeli government.

Headquarters of the business sessions of the Rotarians will be at Deepwell Guest Ranch, but the visitors will be housed in hotels and apartments scattered through the desert area. The Palm Springs Chamber of Commerce is assisting.

Portland District Attorney Refuses to Answer Questions

WASHINGTON — An indicted Portland district attorney refused today to tell the Senate Rackets Committee whether he kept his oath to enforce the law, then listened to tape recordings allegedly linking him with racketeers.

William M. Langley, handsome, 40-year-old district attorney of Multnomah County, Ore., repeatedly refused, on grounds of possible self incrimination to say whether he knew certain racketeers and gamblers.

HE INVOKED the Fifth Amendment 10 times in the first 10 minutes of his testimony before the committee.

Then the committee played back tape recordings and a witness testified they showed Langley in conversation with two hoodlums who were trying, with Teamsters Union backing, to control Portland's vice and gambling.

THE RECORDINGS represented Langley as discussing gambling operations and saying, "It'd have to be cut up a lot of ways."

Langley listened to the crackling, indistinct sound of the tape recordings over a loudspeaker system as he sat in the witness chair.

James B. Elkins, Portland racketeer who said he had the tapes made, sat nearby and, under oath, identified the voices.

Britain Firm In Troop Move

LONDON — Britain has decided to go ahead with partial troop withdrawal from West Germany in spite of opposition from its European allies, authoritative sources disclosed today. But the pullout will be slower than first planned.

Sources said Britain would spread the partial withdrawal over a longer period than originally intended and synchronize it with a progressive increase in fire power of the divisions remaining in Germany.

Council Plans Next Meeting in New Chambers

City Council last night adjourned its meeting to March 26 to canvass the votes of the March 19 Sewer Bond election, and at the same time made an announcement that last night's meeting was the last one that would be held in the old council chambers.

The new city hall is expected to be occupied on March 22, and workmen are now putting in shelving and moving supplies into the new building.

Indicted Union Official Says 'To Fight Case'

WASHINGTON — Teamsters Vice President James R. Hoffa replied to government bribery charges today with the declaration that he is innocent "of any wrongdoing."

I will fight this case until I am cleared," he said.

THE CHUNCKY HOFFA, regarded generally as the crown prince of the giant Teamsters Union, made the declaration to reporters a few hours after the government accused him of bribing his way into the secret files of the Senate Rackets Committee.

Freed on \$25,000 bail in today's small hours, the muscular little unionist said this "is not the first instance when a labor leader has been unjustly accused."

FBI AGENTS ARRESTED Hoffa at a swank hotel shortly before midnight after working with the Senate committee for a month to lay a trap baited with special prepared committee documents.

Hoffa met with reporters after conferring with his attorney, Edward Bennett Williams. He read a brief statement but refused to answer any question. He said he does not want "to try my case or present my defense in the newspapers."

Ships Collide In Mid-Ocean, 800 Aboard

LANDS END, England —The 8,177-ton Dutch ship Waterman, carrying 800 emigrants including 312 Hungarian refugees to Canada collided with the Italian ship S.S. Merit in mid-Atlantic today. The Waterman radioed it was in no immediate danger and said the 7,174-ton steamship Merit also was okay.

THE COLLISION happened 566 miles west of the Bishop's Rock lighthouse in the Scilly Islands, off the southwestern tip of England.

The Air Ministry said a Royal Air Force Ministry said a Royal Air Force standing by at an airbase near Plymouth but had not taken off since neither ship appeared to be in immediate danger.

It was reported the collision took place at 2 a.m.

THE WATERMAN, which belongs to the Dutch government, was under charter to the Holland-America Line and left Rotterdam last Monday.

There was no immediate report of any casualties.

Several ships in the Atlantic were reported heading for the collision scene. The sea was mild and the wind about 20 knots.

IN NEW YORK, Coast Guard headquarters reported receiving an SOS at 5:12 a.m. and fixing the position as 47.40 deg. north latitude and 20 deg. west longitude.

A Coast Guard spokesman said the Waterman radioed again at 5:50 a.m. "Do not need further assistance."

New Earthquake Fails to Bring Tidal Waves

HONOLULU —The U.S. Coast and Geodetic Survey reported that two of its tidal wave reporting stations said there was "no threat of tidal wave to Hawaii" resulting from today's severe earthquake in the Aleutian Islands.

A spokesman said "it was probably the biggest shock since last Saturday but as of right now we know of no tidal wave resulting." He added that no report had been received yet from Adak in the Aleutians.

Seismographs in the United States estimated this morning's quake at about 7.5, slightly less severe than the quake which caused a tidal wave in the Pacific last Saturday. The wave caused major damage in Hawaii and Japan.

Resident Here Recovers After Rescue at Fire

Margie Cone, 42-year-old Palm Springs school teacher, is reported today "getting along nicely" at North Ridge Hospital near Conoga Park, after she was rescued from a burning home earlier this week.

Miss Cone taught the special class at Katherine Finchy school, and was visiting with Mr. and Mrs. Charles Burke at their home in Conoga Park.

Fire started in the house at night, and Miss Cone was rescued by firemen. She had been overcome by smoke.

Killed in the same fire was Mrs. Marlene Pardee, 46, former employe of Bullocks in Palm Springs and her granddaughter.

Simon-Brown Firm Dissolved

The law firm of Simon and Brown, consisting of Abram Brown and Merrill Brown has been dissolved, it was announced today. Simon will continue the general practice of law at 555 South Palm Canyon Drive, and Brown has opened offices in Cathedral City at 68-570 Broadway.

Humane Group Asks Summer Protection

Immediate aid for animals confined in the city's animal shelter is the target today for members of the Palm Springs Animal Protective League.

In their second meeting yesterday, the league asked Dick DeLong, city manager's administrative assistant, to provide immediate protection from summer heat to animals held in the shelter's roofless pen.

DELONG INDICATED the work would soon be undertaken. The league stressed the measure as an interim plan pending completion of their proposed new animal shelter.

At least 25 members attended the meeting held at the home of Mrs. Hortense Murray, of 1457 Calle Rolph. The League discussed plans for the new shelter site and building presented by President Homer Hilton.

The League now has more than \$2,000 in its campaign for a \$10,000 animal welfare plant.

THE TENTATIVE shelter plans are based on records of the Albuquerque, N. M., shelter, which were recommended by Mrs. W. H. Woolston, who was praised yesterday for her organizational work here.

"The members all wish to thank Mrs. Woolston for her inspiring efforts to help the little homeless animals," said Mrs. Aileen P. Stephens, and for her participation in organizing this humane group."

DONATIONS FOR the building fund and membership application in the League may be sent to the Animal Protective League, 618 Mesquite Avenue, Palm Springs. The telephone number is 7306.

League directors are Hilton, Mrs. Murray, Mrs. Stephens, Mrs. Henry Reid, E. W. A. Peak, Mrs. Austin McManus, Charles Irwin, Mrs. Harry Dunham and Miss Nancy Callahan.

GIRL SCOUT COOKIE sale is currently under way in Palm Springs, with all Girl Scout troops pushing the sale of the popular items. The campaign will run during the week of March 9-16. One of the first to go out to start its sale was Troop 9.

Resistance Met by City Council in Zoning Change

Resistance to a zoning plan to regulate the extraction of minerals in Water Course area within the city limits of Palm Springs, flared briefly last night at the City Council meeting.

Louis Venger, local real estate broker, asked the council if it realized that it was "giving persons the right to take limestone out of the watercourse areas," and added, "that's the stuff they make cement out of."

CITY PLANNING Director Hy Raney answered Venger by saying that the new zoning changes would stop the extraction rather than permit it, and added that it was now possible for persons to do so without the changes.

Stewart Allen, northend property owner, charged that the council was making the move as a concession" to Southern Pacific, and quoted from a news story that appeared in a county newspaper.

Mayor Florian Boyd whipped back with the statement that Allen was very well known to members of the council, because during the city's fight with the Guberson Cement mill "he had been a strong supporter of the cement mill."

TO THIS, ALLEN said that the Guberson company had an option to buy his land "for more than \$100,000 and I think that even the council would have been for it then, but times have changed. We don't want mining and rock quarries and the dynamite blasting that goes with it in the area."

Pilot Avoids Two Schools On Way Down

MANCHESTER, England —A British European Airways Viscount airliner crashed into a row of homes and burst into flames today, killing all 20 persons aboard. But the pilot managed to miss two school buildings filled with hundreds of children.

All passengers and crewmen aboard the four-engined turboprop transport were killed. A mother and her small son were trapped and killed in one of the houses. Another woman resident was injured.

THE TWO SCHOOLS were crowded with pupils when the stricken plane lurched over them. "It looked as if the plane was trying to avoid the schools and land in a field," a spokesman at Manchester International Airport said.

The plane was carrying 15 passengers and a crew of five on a flight from Amsterdam, Holland.

IT CRASHED A quarter of a mile short of the runway at the Runway International Airport on the outskirts of Manchester. The crash site was a mile from the schools.

The Airways said the plane was its oldest Viscount. It went into operation in January, 1953, and had logged 6,000 flying hours.

A LARGE NUMBER of ambulances were dispatched to the scene. Cyril Barnett, a gardener who was working in a nursery some 500 yards from the demolished homes, said the engines "revved up as though something was wrong . . . It leaned over to its right and seemed to be trying to avoid the houses."

"Then there was a terrific explosion as it crashed into the houses, followed by a terrible blaze of fire," he said.

PX Manager Robbed of \$9,000

SALT LAKE CITY —The manager of the Wendover Air Force Base post exchange staggered into a service station here early today and said he had been kidnapped, forced to turn over \$9,000 in cash from the exchange safe and shot by a lone gunman.

The manager, Lawrence Dial, 39, said the gunman ordered him out of the car when they arrived here, then shot him in the left shoulder when he protested. Police found Dial's abandoned car within an hour.

Wendover officers were investigating the story but said they could not yet confirm the post exchange had been robbed.

Dial, a civilian, was reported in fair condition at a hospital here.

LIBRARY NOTES

By LYLE SMITH

From November to May is Library Week in Palm Springs. That is why the posters, bulletins and pamphlets were filed in the waste-basket. It may be the end of Library Week elsewhere in the nation but it's only the middle of the week on our calendar.

From November to May the residents, semi-residents and downright tourists scramble to be on waiting lists for best-sellers, make goodly use of our information service (that's all of us), change hundreds of dimes to nickels for parking meters, read murder mysteries and westerns by the ton, research on investments, on retirement, and about the countries they are going to visit next summer.

They sit in the patio and read books by authors they haven't had time for years: Edna Ferber and Somerset Maugham. Sometimes they're lonely and want a nice chat.

THE LIBRARY STAYS open all the rest of the year, but the excitement is over in May. Library "week" has come to a close.

While it's on, big boxes of books keep arriving: loans from the County Library at Riverside and from the State Library at Sacramento, and beautiful new books. This week we received among many others . . .

The new Margery Sharp novel, THE EYE OF LOVE, the story of an unattractive fur merchant and his unattractive mistress and her extremely unattractive niece, all of whom join to make a wonderfully witty and attractive novel by virtue of the eye of love. You had better get on the waiting list promptly for this one.

YOU MAY ALREADY be on the list for SCAPEGOAT. Though she has never written anything quite so dramatic as REBECCA, Daphne duMaurier gives a fascinating account of an involuntary impersonation. It is filled with enigmatic evil. The excitement mounts wildly to give you a reading adventure you will remember.

We have two blithe biographies. One is BROADWAY IN A BARN by Charlotte Harmon and Rosemary Taylor, a breezy account of high and low points of 10 years in a summer theatre. There are anecdotes about the great of Hollywood and Broadway. There is crisis from drunken leading ladies to apprentice love affairs, to skunks in the theatre.

Better written, more clever by far, is RAISING DEMONS by Shirley Jackson, the affectionate, hilarious, sophisticated tale of dubious parental equilibrium in the face of four children and their apertures. It could be any family, but funnier! It sounds much

like the Smith family, except that there aren't so many Smiths. There are new murder mysteries:

ONE IS THE STRANGE CASE OF MR. PELHAM by Anthony Armstrong which presents Mr. Pelham of Monaco: dapper, poised—business head of a successful import-export firm; and also presents Mr. Pelham of London: shy and proper English gentleman, sober and steady, the head of an unenterprising import-export firm. The rest you find out for your several selves.

Then we have THE LONELY WALK, by M. E. Chabier. This is a Milo March thriller which takes place in Rome. It is a "soft-boiled" suspense story in which the emphasis is on character and believable situations, blondes are not kicked around . . . much, and our hero is not a drunk . . . quite.

BUT DON'T READ just the newest books off the shelves. Have you ever read Upfield? He's terrific and not properly appreciated. He is an Australian and his stories are laid in Australia. The background is authentic and often eerie.

Read his newest THE MAN OF TWO TRIBES on the seven day cart, or the older ones, VENOM HOUSE, or THE BONE IS POINTED. It's finding treasure to find a murder-mystery writer like Upfield.

Warning Given As CHP Reports 786 Killed in 1956

Traffic accidents in California during 1956 resulted in the death of 786 and injury to 11,551 pedestrians, according to information released today by the California Highway Patrol.

"The majority of these victims were either under 15 or over 44 years of age. Most of them were crossing streets or highways between intersections," declared Patrol Commissioner B. R. Caldwell.

"Another pedestrian action reflecting high accident potential was crossing at intersections with no traffic control devices present."

"It is also noted that more than 11 per cent of pedestrians killed during 1956 were under the influence of alcohol at the time they met death," Caldwell stated. "Pedestrian obedience to the traffic rules and regulations is equally as essential as driver obedience."

"One rule, particularly applicable to rural highways, requires pedestrians to walk facing traffic," he concluded. "The Patrol's advice to all pedestrians is to obey traffic laws and remember that depending on the other fellow is not the safest way to cross the roadway; he may be depending on you."

AL FARLEY this week was appointed general manager of La Paz Resort Hotel, it was announced Farley. (Posposil Photo).

Al Farley Named General Manager of La Paz Hotel

Alton "Al" Farley was appointed general manager of La Paz Resort Hotel here this week, according to Ralph Wilcox Taylor, owner of the smart 14 acre resort spa. Farley is well known in Palm Springs, and formerly managed the Capistrano Beach Club, which is the summer and beach club of the Ranch Club here.

Farley will leave later this week on a promotional trip for La Paz all through the Northwest and into Canada. He is primarily interested in bringing in summer business to La Paz from this trip, as La Paz plans this summer to stay open for the first year since it was purchased by Taylor. He will contact large organizations regarding conventions and group meetings here.

LA PAZ HAS MORE than 50 double units, many with private televisions in the rooms and suites. It has a pitch and putt golf course and a championship size tennis court on the grounds, besides a heated and filtered swimming pool, lawn bowling, darts, ping pong, etc. There are two complete dining

rooms, besides facilities for serving large groups al fresco in the spacious gardens or on the tennis courts. In the latter location they served some 250 sport car fans earlier in the season.

When Farley returns from his present trip and gets organized for summer business, he will travel to the east to promote Fall business. Farley is well acquainted in Seattle as he formerly lived there before coming to California in 1949. He has had hotel club and steamship experience.

WITH HIS WIFE and son he maintains a ranch and home at San Juan Capistrano. Mrs. Farley will join her husband at La Paz when he returns from his first trip north.

The entire same staff will remain at La Paz with Franklyn G. McManus as resident manager.

First Desert Museum Fund Report Set

First report session in the Desert Museum's Building Fund campaign today was set for next Tuesday by Co-Chairmen Earl Coffman and Ernest Alschuler as they asked all volunteers to redouble their efforts in the interim to obtain results on prospect cards now in their hands.

The workers are asked to turn in their subscriptions to the campaign leadership at 4 p. m. in the Desert Museum building. Hundreds of cards have been distributed to the volunteers in the various divisions during the past three weeks. Other divisions will get underway during the next week.

REGULAR REPORT sessions will be held during the next six weeks as the co-chairmen seek to wind up the appeal by the end of April. The reports will be received at the Museum at 4 p. m., Tuesdays and Thursdays, during that period.

The campaign leaders reported that initial reports from volunteers show that virtually all the persons called upon are willing to contribute to the building fund.

The campaign seeks a goal of \$200,000 to provide a modern, adequate building on the Tahquitz Drive and Indian Avenue site.

New Christian Science Church To Open Sunday

Christian Scientists on the desert are rejoicing this week with the holding of the first services in the newly completed church auditorium at 605 Riverside Drive South. This Church, First Church of Christ, Scientist, a branch of the Mother Church in Boston Mass., will hold two Sunday services, one at 11 o'clock and one at 3 p. m. on Sunday, March 17.

The completion of the new church edifice, seating 250 persons, is a project long held uppermost in the thoughts of Christian Scientists in Palm Springs.

CHRISTIAN SCIENCE services began in Palm Springs many years ago when a few drove their cars out into the desert to meet for church worship. Later the property at 271 Ocotillo Avenue, now sold, was given to the group and an open ramada was donated to become the first permanent home for this group of churchgoers.

In later years the building was enclosed and has been used as the church meeting place over the years. In more recent times, the need for an enlarged church had become acute as the swelling congregations forced the renting of facilities for church services at the Palm Springs Woman's Club.

THE SITE FOR the new church building was purchased in 1951, and construction on the new building began in October, 1956. The present plans call for a Sunday school room, a church office, enlarged public rest rooms, and an enclosed foyer to be added at a later date. Complete now and in excellent detail and decor is the main auditorium. The parking lot holds fifty cars, and landscaping is in the process of final planning.

Architect on the project is Robson Chambers of the firm of Clark, Frey, and Chambers. General contractor is Herbert H. Foster.

REGULAR CHURCH services include the Sunday school classes at 9:15 a. m., Sunday service at 11 a. m., and Wednesday evening meetings at 8 o'clock, all to be held in the new building. The Church maintains a Reading Room at 373 South Palm Canyon Drive where authorized literature may be read and purchased. It is open each week day afternoon from 1 to 4 and on Friday and Saturday evenings from 6 to 9.

First Church of Christ, Scientist, thus realizes another milestone as it completes the first phase of its enlarged accommodations for its own members and for the many visitors to Palm Springs. The public is invited to attend the opening day services and to view the new building.

Wrong Training

WATERBURY, Conn. (AP)—Thomas Murray, 16, trained his pet collie to jump over low obstructions such as porch railings and hedges. On its first trip into the city, the dog came upon the three-foot railing on the West Main Street Bridge. It immediately hopped over, and fell 20 feet to the river below. The dog waited on a pile of debris in the river until rescued.

ON THE \$3,850,000 SEWER BOND ISSUE

*MR. AND MRS. HOME OWNER—WHY NOT ASK
SOME QUESTIONS OF THE PROPONENTS
OF THIS EXPENSIVE PLAN?*

NO. ONE: A REASONABLE PROGRAM

Why can't we have a reasonable program embracing expansion of the treatment plant and larger trunk lines?

NO. TWO: FURTHER STUDY

Why can't such a plan be presented to a Citizens' Committee for study — residential, realtors, business men, etc.?

NO. THREE: WHY PROPOSED PLAN OR NONE?

Why is the City Administration so determined that we have a \$3,850,000 plan; or none?

NO. FOUR: WHERE SEWERS ARE NOT NEEDED NOW

Why all the pressure for lines to subdivisions where sewers may not be needed for many years?

NO. FIVE: ABOUT SANITARY PROBLEM

Why do they assume there is a sanitary problem in connection with cesspools? If that is true, why is it that some areas like Las Palmas and Merito Vista have existed more than 25 years with no problem? The highest value home area in the Desert is at Thunderbird, and no sewer lines!

NO. SIX: SEWER DISTRICTS

Isn't it true that only one R-1 areas on non-Indian land that have had cesspool problems, had their difficulties because of inadequate cesspools where originally installed? And isn't it true that the owners have solved their problems by forming sewer assessment districts?

*MR. AND MRS. HOME OWNER — LET'S HAVE A SEWER PROGRAM LIMITED TO WHAT WE
NEED, AND CAN AFFORD, AND WITH AN EQUITABLE DIVISION OF THE COST!*

HOLMES ALEXANDER:

To Cure Inflation

WASHINGTON, D.C. — Much gets written about the new Federal highway network and the multiplying fleets of air carriers, but it can't be entirely insignificant that one of the fastest growing freight-lifts in this hastening age of ours is carried out over our rivers and canals.

Barge and boat traffic is growing about as fast as motor truck traffic, but it's growing much faster than rail and pipeline traffic. Air freight is not yet important as a bulk carrier. All this suggests, if pressed to a logical conclusion, that some of our over-developed industries have reached the saturation point in Federal regulation, Labor monopoly and general production costs. The way to cure inflation may be in the nature of an economic retreat rather than any more head-long advance.

THE PERTINENT figures from Government sources show that ton-miles of freight carried by American railroads was 68 per cent of the national freight-lift in 1940 and only 49 per cent in 1955. On the other hand, ton-miles by our inland waterways was only four per cent of the national freight-lift in 1940 and was eight per cent in 1955.

These figures aren't big, but the trend is unmistakable. And with the St. Lawrence Seaway system becoming operative by 1959, waterborne haulage will get a new boost. As of today there are inland waterways in 40 of these United States.

WHY THE GROWTH of this unglamorous, horse-and-towpath industry? Well, one reason could be that only about 10 per cent of the carriers come under the Interstate Commerce Commission and are Federally regulated. It can't be said of many industries

that they are 90 per cent non-Federalized.

The reason in this case is that few of the interstate barges are "common carriers" in the eyes of the law. Many are owned, much as a grocery store owns its own trucks, by steel, oil, chemical and agricultural producers. Others are privately owned and privately contracted. But the point is that this industry has found a way to do a huge volume of nationwide business without getting entrapped by Federal regulation.

ANOTHER CHARACTERISTIC of inland waterway transportation is that it has avoided the cost-spiral of Big Labor. The industry is organized by as many as half a dozen unions. But none of these, as yet, holds a monopoly over the Labor market. This means that inland transportation has been able to keep pace with inflation by constant improvement of its product.

The power boats which move the huge barges through our continental interior have changed from steam power to diesel, as have the American railroads. And the barges have been built larger and larger, much as the railroads have become faster and faster. But the railroads are heavily regulated and heavily unionized. They have never been able to take advantage of their increased efficiency.

THE INLAND WATER fleets have done so. The measurable result is that since the end of World War II, railroad freight rates have increased by 77 per cent, while inland waterway freight rates have increased only 15 per cent in comparable cargoes.

There may be a moral here in favor of taking Big Government

and Big Labor off the backs of our industries. In steel making, for instance, the wages and fringe benefits paid to the steelworkers amounts to 75 per cent of the cost of the final product. There is no direct Federal regulation of steel, but a control of sorts is accomplished by the Federal tax structure.

TO USE A FAMILIAR example, U. S. Steel built a plant 25 years ago for \$10 million. The company is permitted to write off this \$10 million from its tax statement if it builds a new plant. But the new plant costs \$64 million, and the company is \$54 million in the red. It must cut profits, raise prices or borrow money—all of which leads in the end to Federal regulation or ownership.

The same story could be repeated for many of our basic industries. For instance, the AFL-CIO and several Democratic Senators are behind bills that would extend the coverage of wage-and-hour laws to include farmers. There are 1.6 million farm families in the U.S. and Puerto Rico. Each of these families is in a "small business."

THERE IS NO evidence at all that the farm worker has been exploited and needs Federal paternalism. Since 1947 farm wages have increased 28 per cent, during a period when the farm prices have dropped 15 per cent. The only evident purpose of the proposed Labor - Government take-over is to continue the existing trend of collectivism.

But the best interests of the nation demand that the trend be discontinued, if only to halt inflation. We still have an industry or two which serve as examples of how enterprise can be both relatively free and relatively prosperous. But we are even running out of the examples.

This would mean that regular classes would be held during the summer months instead of allowing the school buildings to stand idle for three months out of the year.

If this plan was carried out, the schools could accommodate thousands more students on a full-time basis and there would be little need for expensive additions to the school building program.

It is too bad that the school lobby does not get behind such a move rather than to sit back and demand more and more taxes. The tax burden has become so great on many families that they are going further and further into debt as the years roll by. And there is no opportunity that their burden will become less.

The school systems of the nation still are operating their schedules on the horse and buggy days of the little Red Schoolhouse and expect the citizens to go overboard on their thinking as regards to the tax needs of the schools. There must be a meeting of the minds, and soon, because the school lobby is in prospect of losing many of the gains it has made because it has become more and more greedy as to what portion of the tax rate the schools should receive.

Somewhere, there must be a plan developed which will allow the schools to set their program to the amount of money which is available, rather than having the school lobby demand more money for more and more facilities. We may be spending ourselves into bankruptcy under the present program.

It is not our purpose to place the stamp of complete approval on the "quarter" system for the schools. However, it appears to be a sensible approach to the problem and certainly demands the closest scrutiny.

Just One of the Many Long Steps

THIS SIDE of The Sun By Phat

The time has come
The mayor said
To talk of kids
Who are ill-bred
And issue them this warning
If they get rough
At play by night
At pranks which are
Too far from right
They won't be here next morning.

Easter holiday teen-agers vacationing here had better behave. Only one thing puzzles me. The mayor said the paddy wagon would take any noisy little monster who misbehaved home forthwith. Good idea, but do we have a paddy wagon?

WELL THE KIDS learn young as witness this incident the other day down at the Safeway where Joe Butler presides.

A young mother was patrolling the aisles, picking up food and other items here and there and depositing them in the cart which she was propelling along the floor. In the cart also sat her daughter, about two years old.

The child was enjoying the ride and pointing out various items along the route.

JUST THEN the cart rolled by the stand containing malted beverages.

"Beer for Daddy!" cried the little girl, pointing.

Her mother pushed the cart resolutely along without stopping. "Daddy will buy his own beer," she told the child.

"Beer for daddy!" screamed the little girl. "Beer for daddy!"

"No, honey, he will buy his own," said the mother and proceeded down the aisles.

BUT DAUGHTER wouldn't be quieted.

That chant of "Beer for Daddy" became louder. It filled the cavernous Safeway with volumes of sound.

Well, you know what happened, of course.

To settle things and save an embarrassing situation, the mother wheeled the cart around. Picked up a six-pack.

So that night, at least, daddy didn't have to buy his own beer. His ever-loving daughter took care of that.

CHIEF GUS KETTMANN told me some time ago, if I remember rightly, that citizens arrests were not applicable in traffic cases. In other words, if some jerk stole your garden hose, or other property, and you caught him at it, you could arrest him. But if some guy stole the right-of-way at an intersection or cut in on you, you'd have to hope a traffic patrolman saw it.

Well, legislation is planned to allow citizen's arrest in the case of litterbugs. Allowing law-abiding citizens a little more leeway.

THAT HAS encouraged others to urge widening of that practice. A communication advocates that drivers of automobiles which emit excessive smoke (also prohibited by law) may also be cited by other motorists. In view of the smog problem, I'm for it.

Because we're jealous here of having a smog-free climate.

And the other morning on Indian Avenue, the car ahead was spewing forth so much smoke, all I could see of his license plate were the letters.

They were "BUM."

Goulash for Supper

Even as the crow flies, it's a far piece from Budapest to the Boise Valley. They are worlds apart in language, landscape, atmosphere, customs and political practices.

But four young Hungarians, refugees, with the help of the people in Boise Valley, are happily bridging the gap despite the fact the quartet is a trifle disappointed in the lack of authentic Indians. However, there are still cowboys in the valley, and that is some recompense.

"SINCE YOU HAVE recently been in Austria and are familiar with the plight of the Hungarians, especially those crossing into Austria," writes a friend from home (Idaho), "I think you might like to know about a young Hungarian living with my brother and his family."

"He is one of four young Hungarian men who came to the valley through the auspices of the American Friends Service Committee."

"About two weeks ago my sister-in-law called and invited us to their farm to meet the newest member of the family. The new member turned out to be Karl, who was employed in the Budapest railroad station at the time of the revolution."

"WHEN THE RUSSIANS started herding young Hungarian prisoners into the railroad station to be loaded on cattle cars for shipment, presumably to Siberia, Karl helped other rebels free hundreds of such prisoners. It may have been an impulsive act, but it was also mighty brave."

"Eventually, he had to flee to safety and Austria. Now he is going to help my brother and learn to farm. He is rapidly learning to speak English. Every spare moment he pores over his pamphlet of Hungarian-English phrases. He loves to have us read to him so he can repeat key phrases."

"AND THE NET TIME you

come home, everyone in the valley will be able to make real Hungarian goulash and chicken paprika. Karl and the other three young men are teaching us. They're good cooks. As a matter of fact, they're all popular. With the aid of an interpreter, they have spoken at a number of church and civic gatherings."

"The thing that impresses me most about all of them is their thoughtfulness and their excellent manners. No woman can open a door when Karl is around. He never smokes without asking permission! To Karl, everything pleasant is 'beautiful.' My sister-in-law says she ought to correct him, but it's so nice to hear that everything is 'beautiful' that she's going to wait a while."

"Karl will do anything to be helpful. When he came to visit us one afternoon, he pitched right in with a potato-sorting job. My husband says he learned immediately how to operate the small machine. Karl has never driven a car and he has fallen madly in love with any American automobile, just so it goes."

"IT IS GOOD FOR us in the valley to have these four young men here to remind us of our endless blessings. We have so much of everything, including liberty, that we begin to take everything for granted."

"Now I have written enough. But I thought you would like to know how Hungarian refugees are adapting out here in the sagebrush. The answer is 'fine.' Or the shoe could be on the other foot. Leastwise, we're having goulash for supper tonight."

Phil Harris Enlivens Town

NEW YORK—New York's a happier place when Phil Harris comes to town. He doesn't talk like other people. Telling some of us that Bing Crosby must now drink sparingly, he explained, "They heard from his kids, and they're threatening to quit."

He was with Bing on a tour when a cafe owner introduced Bing and said, "He'd like to get up and sing but he can't. His union won't let him." A Texan yelled out, "You go ahead and sing, Bing. I'll buy you that union." Bing was asked why they'd stopped in Nashville and told an interviewer, "Because Mr. Harris wanted to place a wreath on the grave of Jack Daniels."

Phil visited Toots Shor's after Toots won \$8,000 on the \$64,000 Challenge and told Mrs. Shor, "As soon as he won, I made reservations to leave town." I asked Phil, who was excellent on the Steve Allen program, why he didn't do more TV. He replied quite simply, "It's too tedious, Dad."

ON TV NEXT YEAR, Phil ("Sgt. Bilko") Silvers may get out of the Army. . . . Sally McGee, St. Louis' latest contribution to Show Business, is being wasted on radio when she obviously should be on TV. . . . Charles Van Doren saw "The Most Happy Fella" the other night but couldn't get a table in Sardi's—he didn't have a reservation and the place was jammed as it always is after the theater.

Young Ken Hammond of Atlantic City wants to get places as a dancer and I think he will. Knowing that Jerry Lewis comes into the audience and asks people to sing "Harvest Moon" in his act at the Palace, young Hamon went to the theater wearing tap shoes.

Leaping up when Jerry started into the audience, Hammond said, "I don't sing, but I just happen to have my taps shoes on." Jerry laughed, then asked, "Would you like to have your picture in the lobby, too?"

Jerry then invited Hamon on stage and directed the maestro to play "Tea for Two" for him. The audience broke into applause several times during his old soft shoe number—and out in the lobby later Hamon found himself a celebrity. Naturally, he's a bigger Jerry Lewis fan than ever.

PUBLISHER BOB Harrison of Confidential got a literary criticism when he dropped into the Stage Delicatessen. Proprietor Max Asnas told him, "You're like a chef. You make your food too spicy—and the public gets indigestion."

Don Ameche asked whether he made a study of putting while living in California. "I certainly did," he replied, "if I hadn't I couldn't have won all the money playing golf that I later lost playing bridge."

The wonderful Bea Lillie says in the new Ziegfeld Follies, "While lying down on the couch before lunch, all went black." Billy De Wolfe: "Did you call a doctor Bea? No, I called a television repairman."

TEDDY NADLER OF \$64,000 Challenge surely doesn't lack confidence. Explaining his desire to be rematched on music questions he told me backstage, "I know millions of symphonies and I can reel 'em off in a tenth of a second."

EARL'S PEARLS . . . Woody Allen hushed a heckler with the line, "You're the one thing even Charles Van Doren can't explain!"

Mitzi Gaynor will get a butch haircut for "South Pacific" to be directed by Josh Logan. I asked her if she'll play it the Mary Martin way. Said she, "No, sweetie, bless your pointed little head, I'll play it the Logan way!"

GENE KELLY IS spending all his weekends in La Jolla, Calif., with his daughter Kerry. She goes to school there. . . . Almira Sessions, who used to phone me excitedly to tell me about a "tremendous new personality," named Elvis Presley "G'wan," I used to say, "NOBODY could be named Elvis Presley!" got a part in Elvis's current movie, "Loving You."

Matter of fact, speaking of Almira: there was a time when I couldn't believe anybody could

be named Almira Session! . . . Pat Boone chews three packs of gum a day. Honest. . . . Dick Egan says a synonym is a word you use when you can't spell the first one.

TV TOPICS—Shirl and Perle have yet to meet, although they've both living here in Hollywood and Miss Booth will play Mrs. Mesta on the latter's CBS Spectacular March 21. . . . If M-G-M will give him the green light, Gene Kelly is poised to host and star on NBC-TV's baseball Spectacular April 13.

All of the Keenan Wynn off spring carry the middle moniker of Keenan—including his new daughter, Edwina. She's named after his father, Edwin. The others (and Keenan too) are named after Keenan's grandfather, that fine actor, the late Frank Keenan. . . . Scott Brady finally met a young actress who wants to be alone—on the front page!

WHEN ED MURROW gets the first installment of his recent eight-hour interview with Harry S. Truman ready for CBS-TV viewing on "See It Now," I intend to be all eyes and ears. What a blockbuster THIS oughta be!

. . . Soap operas are preparing for an expansion of time and any month now you daytime viewers will be allowed to suffer for 30 minutes at a time instead of 15.

ABC-TV has decided to try out M-G-M's new hour-long mystery series in the 7:30-8:30 p.m. Sunday time slot—and it'll need that half-hour jump on the Ed Sullivan and Steve Allen shows if it expects to survive. . . . WILSON D. ELLIS is responsible for many inventions, largely brought about through inconveniences he suffered or because he needed extra comfort and aid because of a heart condition.

Leisure Mother of Invention, Proven by Wilson D. Ellis

By JEANE PATANE

"Leisure — rather than necessity — is the mother of invention," according to Wilson D. "Bill" Ellis, who, with his wife, Catherine, have been winter residents in Cathedral City for more than twelve years.

The summer six months of the year the Ellises spend at their home in Berkeley.

A successful contractor, once his business fell off during the depression, with time on his hands, and he opened a little "gadget shop" in Berkeley.

ALWAYS INTERESTED in photography and winner of many awards, most of his early inventions were photographic aids. Never having bothered with patents all of his inventions, he says, have been "widely copied." Among them are a camera tripod titer operated with one hand and a panning titler used for moving cameras to get panoramic views.

At his home in Berkeley Ellis has set up an almost completely "fool-proof" automatic, electrically operated darkroom in his basement, which is at the disposal of friends and local Girl Scouts.

ONE OF ELLIS' best known "gadgets" is the fingerprinting roller used extensively by police departments since 1936. Until then, he says, a printer's gadget had been used for taking fingerprints. The need for better equipment was brought to his attention shortly after he had visited the Ford factory in Richmond, and observed a substitute material being used instead of rubber for engine mountings.

Ellis used the material, at that time designated only by a number, to make superior fingerprinting rollers, turning out enough to fingerprint half the armed forces.

A BIT OF HUMOR was injected when a U. S. Government agent dropped into his shop during World War II and asked if he was using neoprene. Ellis replied "no". To his surprise the unnamed material he had been using turned out to be neoprene.

He also invented fingerprinting equipment for the Motor Vehicle Department during World War II from suggestions offered by Paul Mason, chief of the division in Sacramento.

Many of Ellis' inventions are labor saving devices, the most spectacular being an elevator made out of a barn door to which is attached a platform. It is op-

erated by electricity on a cable from the first floor to the basement of his home in Berkeley, stopping automatically at each end. In case the cable breaks a safety device halts the elevator at the next step. This was made because he suffers a heart condition.

HE INSTALLED a motor to regulate his contour chair, and while watching television he uses a self invented six foot wand to change stations and tune the set which is mounted on an elevated turntable of his own invention. At the present time he is manufacturing 13 inventions.

For the past six years Ellis has been the official photographer at the Indianapolis Speedway for Clymer Publications. He is always ready with his camera to take pictures of the Girl Scouts, Boy Scouts and of the civic activities in Cathedral City, and has a complete darkroom at his home on Hillcrest Road.

As another hobby he is on call at the Postoffice whenever the combination of a box is in need of repair. Worthy accomplishments for a man of limited activity.

Cathedral City Youth Center To Hold St. Patrick's Dance

The Cathedral City Youth Center will sponsor a St. Patrick's Dance at the Town Hall Saturday, March 16. Teenagers 13 years and older are invited, fifteen cents stag and twenty-five cents a couple.

KPAL Disc Jockey Bill Jenkins is in charge of the music and will play the tunes that were requested at the last dance held.

Approximately 100 were in attendance. The hall was gaily decorated by the boys and girls, and they expressed their thanks to persons whose donations of time, money and refreshments, helped to make the dance such a success. Among them were Verne Krings who donated two cases of Coke; Millie Kaiser, three dollars; Fred Hanson, two cases of Coke; and the many mothers for the homemade cakes.

Hosts and hostesses for the eve-

ning were Messers and Mmes. Harpo Marx and Louis DeGrucio; Mrs. Lorraine Nowak and Dick Krings.

All donations toward support of the aims and objectives of the Youth Center will be gratefully accepted and can be sent in care of Louis DeGrucio, Box 826, Cathedral City.

OTHER ITEMS OF general interest include laundry baskets, children's cotton training pants, and sofa pillows.

Women look forward to "Thrifty Week" as an opportunity to stock up on cosmetics bargains. Among the featured values in this department are Bourjois "Gaiety" dusting powder or cologne and Barbara Gould "Whimsical" bath oil.

Gate Receipts At O'Donnell Go To Youth Center

The 22nd annual O'Donnell Men's Invitational Championship Tournament, sponsored by the Welfare and Friendly Aid Association, is being held this week, through Sunday, with proceeds from the gate receipts and food concession to be used for the Youth Center.

Those in charge of the project this year are Mrs. John Wagoner and Mrs. Newton Hotchkiss, co-chairmen of the volunteer workers; Mrs. P. A. Staley and Mrs. John Woods, co-chairmen of ticket sales.

Santos, well-known caterer in Palm Springs, will provide the food which will be served daily from 8:30 to 4:30. The buffet table will be staffed by volunteer workers of the Welfare group.

Well known golfers playing in the tournament are Gordon McCrea, Phil Harris, Hoagy Carmichael, Charlie Farrell, Richard Arlen and Bob Hope.

EUDICE SHAPIRO, noted violinist, will be featured artist along with Yaltah Menuhin, pianist, in the fifth concert of the Palm Springs Music Society Artist Series at 4 p.m., Sunday, at the Jewish Community Center.

Eudice Shapiro to Appear In Sunday Artists Concert

Eudice Shapiro, who shares the Palm Springs Society Artist Series Concert with Yaltah Menuhin, Sunday afternoon at 4 at the Jewish Community Center, has had a career of illustrious achievement.

She was awarded a scholarship at the Eastman School of Music shortly after her 12th birthday, where she remained for three years as a pupil of Gustav Tiniot. During this time she frequently appeared as soloist with the Buffalo and Rochester Philharmonic Symphonies.

ANOTHER IMPORTANT scholarship followed, the Curtis Institute of Music in Philadelphia,

where for five years she was the only feminine student of Efreim Zimbalist. Among the many concerts Miss Shapiro gave during her five years at Curtis, two remain memorable — her performance as soloist with the Philadelphia Orchestra at the invitation of Leopold Stokowski, and her performance as soloist with Fritz Reiner and the Curtis Institute Symphony.

On leaving the Curtis Institute with Efreim Zimbalist's professional seal of approval, she went on to make her debut at New York's Town Hall and shortly thereafter won the National Federation of Music Club's \$1000 Award.

EUDICE SHAPIRO looks like a diminutive Greek goddess, but she plays her famous Guarnerius violin (known as the ex-Wienlawski) like a musical giant.

Music Society Coupon Admission Books may be used for this concert, or single admissions are available at the Music Society office at Santos Catering.

Parking Meter Receipts Show Heavy Increase

Heavier resort traffic boosted Palm Springs parking meter receipts to \$5,186 in February, more than \$1,600 higher than collections for the record month of January.

The same period last year netted only \$3,159, Shelby V. Langford, city director of finance, reported today.

Receipts last month come from 590 parking meters, as compared with 247 in service last July.

Total receipts for the fiscal year to date are \$21,781. The fiscal return for the preceding year was \$15,757 at the end of February.

Sheriff's Office To Be Studied

A request by Sheriff Joe W. Rice that a small room in the American Legion building in Palm Springs be allocated as an office for his deputies assigned to this area, was referred by the county supervisors this week to the administrative officer for consideration and recommendation.

The new Palm Springs quarters now house the judicial district courtroom, constable's office and district attorney's office.

THOUSAND PALMS

By IZETTA HUNT

Mrs. Edythe Seeley has returned to her home on the desert after some weeks spent in Los Angeles.

Mrs. Marion White from Cathedral City was visiting friends around town Wednesday.

Philosopher-writer Dan and Isabel Bartholemew from New York State are spending a few months on the desert, and living on Calle Jessica Street.

Clifford C. Zielke, a brother of Mrs. E. L. Miller, spent a week at the Miller residence in Thousand Palms, before leaving for Georgia on a new assignment. He had been stationed at Fort Ord for some time.

Steve Williams celebrated his 10th birthday March 2 with a western party at his home on the Ivey Ranch. Steve's furro, Cactus, was at everybody's disposal for riding and the highlight of the party was a real old fashioned hay ride. Those attending were Phyllis Williams, Kathy and Roger Adams, Gary Wiley, Larry, Don and Cathy Dyer, Martin Evans, Coley Hatcher, Danny Galvan and Terry Hunt, all from Thousand Palms, and Ira, Don and Gene Chaffin, from Escondido.

Mr. and Mrs. Warren Mills and Mrs. Carl Nickolas and daughter, Joan, accompanied Mr. and Mrs. Leslie Mundy to Calexico on Saturday, and on Monday motored to Death Valley to visit Scotty's Castle and surrounding country. While there they visited at the Salt Mines, and went through the Castle, and stayed over night at Fur-

nace Creek Ranch. Mr. and Mrs. Mundy then returned to their home in Lodi.

Sheik Shorty Miller and his harem, won second place in the recent Indian Parade. The Harem consisted of six women, Stevie Miller, Grace Hyde, Vivian Ohler, Gertrude Hitson, Sandra Dandro and Neva Arnold. Mr. and Mrs. George Earl and Tony Schaeffer, won first place, and a trophy, for family group, in the parade.

Mr. and Mrs. Leon Chaffin of Escondido, were last weekend guests of Mr. and Mrs. Chester Williams. The Chaffins were accompanied by their three sons, here to attend a birthday party on Steve Williams.

Commander Harry Oliver gave the Thousand Palms Cub Scouts a treat last Monday when he conducted them through his Fort Oliver. Six of the Scouts, their mascot, Phyllis Williams, and Den Mother, Mrs. Helma Williams, were conducted around.

The boys became acquainted with many early American tools, and learned how really convenient things are today, by comparison with what Mr. Oliver showed them. They were taken through

Prepare the Way For Greater Prosperity, Higher Property Values Here

Hundreds of today's visitors will become tomorrow's Palm Springs citizens—if we prepare properly for the future by approving a complete sewerage system on March 19.

Except for a vacationing missionary to darkest Africa, or a sour-dough prospector who recently tapped a uranium or gold bonanza, few of our visitors have heard the words "cesspools" or "septic tanks" in the past quarter century. They certainly didn't expect to find such facilities here.

For progress, prosperity and pleasure in the Palm Springs of tomorrow...

Garden Club's Flower Show Set for April 6

Annual Flower Show, sponsored by the Palm Springs Garden Club, will be staged April 6 in the show rooms of the Kelley Home Furnishings store on East Ramon Road, it was announced today by Harry Yesley, club president.

Featuring exhibits by the club members, the show annually attracts hundreds of visitors. This will be the sixth annual event.

Exhibits run the gamut of flower arranging, shrubbery displays, old-fashioned bouquets, miniatures, dry arrangements and many other features. Visitors to the shows are amazed at the surprising variety of flowers and shrubs that can be grown in the desert homegardens.

Visitors to the show will play an important role in choosing the winning displays. At the door as they enter they will be handed ballots on which they later will cast their votes for their favorites. Tallies of the votes at the end of the day will determine the winners.

The flower show is open to the public without admission charge.

Cold Air Wave To Bring End To East's Spring

By UNITED PRESS
A resurgence of colder air today threatened to end a winter interlude of shirt-sleeve weather in the Midwest.

The mercury steamed to record highs in Chicago and Columbus, Ohio, Wednesday as warm, southerly winds streamed across the eastern half of the nation.

CHICAGO'S PEAK of 70 bested the old record for the date by two degrees and Columbus registered a record high of 74 degrees.

But a new storm whipping out of the central plains is expected to chase the prelude to spring from the Midwest.

Forecasters said light snow and colder weather will overspread the northern and central plains and push into the upper Mississippi Valley by tonight.

A HEAVY SNOW warning was issued for northwest Wisconsin tonight, with a 6 to 8 inch accumulation expected by Friday morning.

Scattered showers and thunderstorms are seen for the Ohio Valley and the Great Lakes region in advance of the cold air mass.

Showers also are predicted for the southern plains and the middle and lower Mississippi Valley.

Majorette Class Set Saturdays

Howard Hadock, city recreation superintendent, today announced that a majorette class, sponsored by the Recreation department, will be held at the polo grounds baseball field every Saturday morning from 10:30 to 11:15 a.m. for all children up to the sixth grade. These classes will teach the children how to march, use batons and all fundamentals of becoming a majorette.

Starting at 11:15, a class will be held for children of Junior High School age.

CRAZY, MAN is the word for the Frantics, rated as the busiest and zaniest, trio in show business. Opening at the Palm House Thursday night, the Frantics wade through a fast-breaking string of songs, instrumentals and high-styled humor.

Eight Students Win Awards in BofA Contest

Eight Palm Springs High School students snared awards in the first round of the Bank of America's statewide Achievement Awards program for high school seniors.

The initial awards, presented for outstanding scholarship, leadership and promise of future service to society, pave the way for entry in Southern California's regional competition carrying \$22,100 in cash awards.

Palm Springs first round winners were Gerald R. Greenfield, specifically cited for science and math; and Margaret Ann Schuler, liberal arts, who claimed gold trophies.

Certificates in specific fields were given to John Simon, mathematics; Gerald Greenfield, laboratory science; Roger Williams, music; Carol Clapp, art; Janice Sakofsky, English; Margaret Schuler, social science; Alan Miller, foreign languages; and Shirley Larkin, business.

Two Enroll At Hardin-Simmons

Two Palm Springs students have begun studies as freshman students at Hardin-Simmons University in Abilene, Texas.

They are Larry Deow, son of Mr. and Mrs. Don Tanner, 575 Vista Oro; and Phyllis Peeler Tanner, daughter of Mr. and Mrs. Calvin E. Peeler, of 2007 East Andreas Road.

Shaw Named Bekins Secretary

Lucien W. Shaw, of Palm Springs and Los Angeles, was today named secretary of the Bekins Van and Storage Company following election of company officers this week.

Shaw, legal counsel for Bekins, has served on Bekins' board of directors since 1955. He was formerly associated with a prominent Los Angeles law firm and at one time was an attorney in the U. S. Treasury Department.

About a tenth of the United States lumber supply comes from national forests, says the National Geographic Society. Although the Forest Service does no commercial logging, it sells standing timber to private mills.

'The Frantics' Open New Show at Palm House Tonight

Billed as one of the zaniest and hardest-working teams in show business, the Frantics — three men, two horns and a set of drums — open a new floor show at the Palm House tonight.

The trio consists of Frankie Arnolds, who sings bass and beats the drums; Herb Brown, lead vocalist and trumpeter; and Morty Reed, tenor and pianist.

Fresh from a string of rollicking engagements on television and the nation's nightclub circuits, the Frantics feature a fast-paced, versatile program of songs, instrumentals and action-packed comedy.

Combining humor with a fast beat, the boys whip through such items as "12th Street Rag" and a sketch on "Basin Street" to generate a steady barrage of laughs. Reviewers rate their "frenetic drums," staccato piano and trumpet gymnastics "as strictly top-drawer showmanship, with the emphasis on polished entertainment."

Five New CHP Officers Are Now in County

Five new traffic officers were this week assigned to the Riverside County area by the California Highway Patrol, patrol officials announced today.

Scheduled for duty at Indio is Officer E. E. Sholer, who recently completed a 12-week course at the patrol academy in Sacramento.

Other officers, all assigned to the Riverside office, are Valentino S. Ray, Hubert Davis, D. D. Tanner and J. P. Stewart.

A University of Michigan study indicates that three of four American adults have never taken an air trip, half have never been more than 100 miles by bus, 30 per cent have never traveled by train and 11 per cent have never traveled more than 100 miles by auto.

Batista Claims Communists Inspired Attack on Palace

HAVANA, Cuba — The Cuban army said today the attempted assassination of President Fulgencio Batista ended in bloodshed, death and failure for the handful of student revolutionaries who staged it. Batista labeled the attack on his palace late Wednesday as Communist inspired.

THE YOUTHFUL members of the tiny band were either dead, captured or fleeing for their lives before searching police and soldiers.

At least 36 persons, including a U.S. citizen, were killed and more than a score wounded in the attack which reached the second floor of the Presidential Palace before it was beaten back.

AT LEAST 20 OF the dead were members of the 100-man Palace Guard. Batista, who was in the palace at the time, was unharmed. Four rebels were captured. Five were seen escaping.

Scattered gunfire could be heard throughout the city until late Wednesday night, but early this morning Havana was like a graveyard.

BATISTA TOLD newsmen shortly before midnight the attackers were "poor mad fools paid by people who looted the national treasury, carrying out directives of the Communist Party."

He said about 40 revolutionaries were involved in the attack. The Army placed the figure at 30. CONSTITUTIONAL guarantees have been in suspension since Feb. 15, but no martial law or formal curfew was imposed on Havana. Police asked civilians to stay off the streets Wednesday night and they did.

Identification of the first few rebels slain indicated the group comprised mostly university students loyal to Dr. Carlos Prío Socarras, former president ousted by Batista in 1952 and now living in exile in Miami, Fla.

President to Start First Sea Voyage

WASHINGTON (AP) — President Eisenhower, hitherto a dry land and blue skies president, sets out to sea today in hopes balmy southern breezes will wait away his winter cold.

Mr. Eisenhower, in his first voyage abroad a warship since becoming president, was scheduled to sail southward tonight from Norfolk, Va., aboard the guided missile cruiser USS Canberra.

HIS EVENTUAL destination, after a leisurely, six-day cruise,

is Bermuda where he will arrive on the afternoon of March 20 for a four-day meeting with British Prime Minister Harold Macmillan.

The President thought first of Arizona, then southern Florida, as possible rest spots before going to the Bermuda conference. But early this week he decided an ocean voyage would offer a better opportunity for rest and relaxation.

Noted Engineer Visits Sister

Ray B. McMinn, well-known bridge engineer from Portland, Oregon, has been visiting his sis-ter Grace B. McMinn at Skyridge Park in Cathedral City.

McMinn's engineering career has been an interesting one. He helped design and was the con-sulting engineer on the famous Pontoon Bridge which spans Lake Washington in Seattle, considered the largest floating structure ever built by man.

Various inventions in bridge con-struction have brought him world recognition and he has received a medal of honor from the De-partment of Commerce. He is re-gional supervisor of the Bridge Department of the Bureau of Pub-lic Roads in the Northwest section.

Houseguests of Paul Herriek, 350 Ridge Road, were Judy and Eddie MacHarg from Hollywood who arrived on the weekend in time to help Paul celebrate his birthday at the Beachcombers.

Marrian Walters Sparkles in New Sophisticated Role

By SHELBY WEGNER
In "Dear Charles," which opened Tuesday night, the Playhouse Players hit a pace not matched in any production this season. A sparkling first act plunges the cast and the audience into a fast moving, deliciously humorous, and amazing set of circumstances evolving around the former loves of Delores, famous novelist, lecturer, and devastatingly attractive mother of three grown children. It is French comedy at its best, sophisticated, clever, even risqué, but done with exquisite finesse. It moves at a rollicking clip to an unexpected, but thoroughly satisfactory ending, with the audience laughing and enjoying it to the fullest.

Marrian Walters, stunning with a strawberry blonde upswept hairdo and beautiful gowns, is every inch the fabulous Delores, charming her audience as she has the men in her life. Each time she gathers her children at her feet to make some startling disclosure, having to do with a number of things that have "a strange and irresistible fascination for me," everyone is on his toes to hear more details of her shocking past or her nebulous future, and no one is ever disappointed!

Tim O'Connor, Ann Wakefield, and Justin Clarke are the children who so appreciate the sterling and not so sterling qualities of their fascinating mother, and each one does an excellent job in the role.

The three lovers who return from her past to help her present difficulties, are a widely diverse trio, and each turns in a skillful performance. Sidney Breese is a properly proper, yet very human Sir Michael; John Crawford a terrific mad Polish musician, and Michael Ferrall a suave smooth-talking operator.

Joan Overholt has an opportunity to show real characterization as the devoted, but sternly disapproving family servant, Martha. Her first exit was rewarded by spontaneous applause. George Pembroke maintains his privileged position as the calm and trusted old friend until his third act outburst over being called "old."

Dick Poliak and Beth Williams enter with Phyllis Flax at the very end of the play, and it is Phyllis, as the very elegant Mme. Bouchemin, who springs the surprise ending.

If the entire cast were not so good, one could say that it is Marrian Walters' show, since all the action revolves around her and her performance is so outstanding, but the quality of the entire production must be based on team work of a very high degree. Acting talent, superior direction, perfect timing, and a delightful play, all add up to superb and relaxing entertainment. Playgoers will have the opportunity to delight in "Dear Charles" and his astounding "family" and "friends" each night at 8:30 through Sunday, March 17.

Opening on the following Tuesday, March 19, will be another Broadway comedy success, "Goodbye, My Fancy." Several local people will be seen in the very large cast of this Herb Rogers production at the Palm Springs Playhouse.

First Night Gathering Congenial

A congenial group of First Nighters gathered at Hotel Oasis on Tuesday night, and were rewarded with a delicious pre-curtain dinner. Long tables were set in the Sun Terrace dining room, with yellow dishes to match the sun-lone chairs. Consomme and salad preceded the thick broiled steaks, served with carrots julienne, potatoes au gratin, and hot rolls. A beautifully served dinner ended with coffee and a delectable chocolate eclair.

Mrs. E. Stewart Williams was the hostess for this smart affair, and she was smilingly assisted by Mrs. Richard Bagdasarian, Mrs. John F. Luccarelli, Playhouse Guild president, was also welcoming old friends and newcomers.

Mrs. Harry Clatworthy and her guests came early for cocktails. Her attractive granddaughter, Miss Joan Taylor, was in the party with Mrs. Lillian Murphy, the Doctor Robert Backstroms, and from Sacramento, Mr. and Mrs. Steve Swanson and Mr. and Mrs. Allen Olson Jr.

Several other theater patrons entertained for visiting members of their families. Mr. and Mrs. M. B. March brought their daughter and son-in-law, Mr. and Mrs. Warren Gilbert Jr. from Mt. Vernon, Washington. Also from Mt. Vernon were the Garrison Evanses. Mr. and Mrs. Martin C. Wade had as one of their guests, Mrs. Wade's brother, Fowler Mallett from Berkeley. Northern California was well represented at the Edward Jones' table by Mr. and Mrs. A. Lang from Piedmont, and the John Olivers and Mrs. Louise Tallman from Oakland.

Mr. and Mrs. Eugene Love came from Coronado to see their talented niece, Marrian Walters, in her starring role in "Dear Charles", and were brought to dinner by Mrs. W. M. Walterskirchen, who is visiting her daughter, Miss Walters.

The next First Nighter will be held at Howard Manor on March 19, preceding the opening of the comedy, "Goodbye, My Fancy." Reservations may be made for the dinner by calling the Playhouse Guild office, 6478.

A plain rug or one with an unobtrusive pattern helps make a room seem larger, if the rug covers most of the floor. And, when draperies match the wall color or are a little lighter shade, the same larger look results.

NEW YORK — From Dallas to Corvallis the round ball bouncers are in a tournament tizzy this weekend with frenzied action in both the NCAA and NIT and in this corner the results shape up this way:

SMU over Kansas: You've got to have rocks in your head to pick against the fabled Wilt-the-Silt Chamberlain. But the Mustangs are playing in their own back yard in this Friday night special of the NCAA regionals and Jim Krebs could spell the difference.

THE REMAINDER of the NCAA schedule shapes up this way:

FRIDAY NIGHT
North Carolina over Canisius: The Heeled and feathered.

Syracuse over Lafayette: Cohen, Cohen, gone.

Kentucky over Pittsburgh: Rupp and ready.

Notre Dame over Michigan State: Redempting those battered football fortunes.

St. Louis over Oklahoma City: Too little, too late.

San Francisco over Idaho State: Without Russell.

California over Brigham Young: On Newell's coaching.

SATURDAY NIGHT

North Carolina over Syracuse: This is the game of the night as the Yankee Tar Heels, with a starting five from the New York metropolitan area, shoot for their 30th straight victory in an undefeated season. Every game gets tougher as they try to protect that winning streak but they have the guns to peel the Orange.

Notre Dame over Kentucky: This is a tough one with the winner earning the unenviable right to meet North Carolina in the March 22 semi-finals at Kansas City. Consolation: It's a nice trip.

Southern Methodist over St. Louis: The Billikins are steady but if SMU gets past Kansas the impetus should carry them on to Kansas City.

California over San Francisco: The only state being absolutely dead certain to have a team at Kitty's home town.

THE NIT: SATURDAY NIGHT

Utah over Memphis State: The Utes have the class to win a contest you'll be able to witness on video.

Xavier of Cincinnati over Seton Hall: This is the "sleeper" of the tournament and could pick up all the marbles even against idle top-seeded Seattle and Bradley.

Dayton over St. Peter's: Perennial runnerup which is a cinch to go just about that far.

Cincinnati over St. Bonaventure: Even without the pitching.

Any questions?

Indian Net Team Blanks Elsinore 9-0

Continues Climb To Third RCL Championship

By LINDSAY NEILSON

The local village prep netters clobbered the once mighty Elsinore clan 9-0 yesterday on the losers' courts.

The Indians are still showing the championship form that has brought them the crown for the two seasons previous. Coach Seamus Nunan stated that everyone played excellently, and also that "our biggest worry is out of the way."

AFTER THE GAME the Senior racquetballers challenged the underclass netmen to a joust to prove supremacy of the classes. The contest was held in Tamarisk Park and was to be the Seniors, they lost their shirts to the swarms of Juniors. Sophomores and Frosh. Today the girls' team, headed by Coach Moya Henderson travels also to Elsinore to meet Tiger females. The edge should go to the Palm Springs lasses.

THE SCUMMARY:

FIRST SINGLES—Ripley (PS) def. Love (E) 6-0 6-0 SECOND SINGLES—Hammonds (PS) def. Hunter 6-1 7-5; THIRD SINGLES—McFarland (PS) def. Ruder 6-2 6-3; FOURTH SINGLES—Grimm (PS) def. Webb Rated Peer to Fullmer

Take it from the man who was beaten by both, Spider Webb of Chicago could outbox middleweight champion Gene Fullmer.

Will Greaves of Pittsburgh, who lost to Fullmer in mid-January and to Webb in the Chicago Stadium Wednesday night, seized up the situation today like this:

"I think Webb will outbox Fullmer if they ever meet, although the champ is the stronger boy of the two."

Greaves' manager, Jake Mintz, went even farther and called the Chicago puncher "the best middleweight going at the moment."

Webb who chalked up his 19th straight ring victory in disposing of Greaves with a 10-round unanimous decision before a small crowd of 1,316 and a nation-wide TV audience, has no immediate plans.

"I'd like to fight Fullmer anytime and any place, but I suppose Carmen Bassilio will get in there ahead of me," said Webb, third-ranking welterweight.

Yale Favored

CHAPEL HILL, N. C. — The powerful Yale University swimming team, one of the best in the nation, is favored to win the 34th annual NCAA championships at the University of North Carolina March 28-30.

About 50 teams, including more than 300 of the nation's top swimming stars, are expected to compete for national honors.

HAPPY COUPLE were the Ray Kelleys of Palm Springs, after he captured the Class A Flight of the O'Donnell Golf Club Invitational yesterday with a net score of 121 in the 6-14 handicap class. The Seniors are playing today, and the Championship 54-round play starts Friday. (Partridge Photo).

Hammer Proves Pitching Ability Has Solid Basis

By UNITED PRESS

Granny Hammer, the Philadelphia Phillies' converted infielder, is determined to make good as a major league pitcher, and his latest stint on the mound shouldn't hurt his chances one bit.

Hammer, a star shortstop until he injured his left shoulder last season, struck out five batters and gave up just one hit in three innings Wednesday as the Phillies defeated the New York Yankees, 6-5, in 12 innings. Rip Repulski's homer off little Boy Shantz gave Hammer his first victory.

THE PITTSBURGH Pirates, leading the Grapefruit League with a 5-0 record, pushed over two runs in the top of the 10th inning to eat the Boston Red Sox, 3-1. Bill Virdon's single drove in the deciding runs off loser Dave Sisler.

The Brooklyn Dodgers used their favorite home run weapon to beat the Chicago White Sox and star pitcher Billy Pierce, 9-4. Pee-wee Reese, Gil Hodges and rookie third baseman Dick Gray hit the circuit blows to sink the Sox.

THE CINCINNATI Redlegs, who led the majors in homers last season, jumped on Milwaukee's prize rookie pitcher, Juan Pizarro, for an 11-4 victory. Roy McMillan

Top Players Start 3-Day Play Friday

Kelley Has 121 Net Score to Edge Sanders

Thunderbird Country Club's Ray Kelly tapped out a neat, two-under par 68 yesterday to package the Class A championship in the Palm Springs Invitational Golf Tournament.

A nine-handicapper, Kelly scored 71-68 for 121 in the two rounds on the O'Donnell course, carrying a four-stroke lead over Red Sanders of Wilshire who carded 79-74-153-28-125, and Don Doud, Palm Springs, 74-73-147-22-125.

AS THE O'DONNELL matches reached their final rounds, Stanford's John Brodie wormed up to lead off the 22nd annual Palm Springs Invitational 54-hole men's golf championship that gets under way Friday.

All-American quarterback Brodie is rated as a good bet to outpoint such tie champions as San Francisco's Harvey Ward, U. S. Amateur champion, who won last year's tournament.

WARD BLASTED the tournament record last year with a 17-under-par 193, notching 65-64-64 for the three rounds.

The powerful Southland contingent slated for the meet, which ends Sunday, includes Gene Andrews and Eddie Meyerson of Rancho; Bill Colm and Frank Hoover, of Bakersfield; John Dawson, of Thunderbird; and Pomona dentist Dr. Bud Taylor, many time winner.

THE MOVIE COLONY's representatives are Bob Hope, Phil Harris, Gordon MacRae and Dick Arlen.

Has Siren Too

WALKERTON, Ind. — The high school basketball team rode home in an ambulance with the siren wailing after winning the St. Joseph County tournament. The team rode into town on a fire truck last year after winning the tourney, but sub-normal temperatures vetoed the outdoor ride this year. And one player did break a small bone in his leg in the final game.

Planners Deny Country Club Shopping Area

Plans for a Country Club Estates shopping center died quietly today following denial of a change of zone application by the County Planning Commission.

The application was denied as commissioners agreed that a supermarket should be near an arterial roadway rather than in the center of a residential development.

Plans submitted to the commission called for a zoning change from R-1 to C-P northeast of Ramon Road, about 1,000 feet beyond the city limits.

IN OTHER ACTION, the commission approved plans for a new Cathedral City church. The Cathedral City Community Church will be located south of Terrace Road northwest of the East Cathedral Canyon Flood Control Channel.

Construction of the church, on property now owned by Geraldine Goodall, is expected to start within a year. Rev. James W. Arnold, pastor for the new church, said plans call for a sanctuary, playground, Sunday School, chapel and social hall for the 300 parishioners.

THE COMMISSION also approved a zoning variance for creation of a junior amateur speedway for children's one-quarter midjet racing cars at Palm Desert.

The non-profit track, planned by Jack Cunningham, is off Highway 111 near the riding stables.

Land for the course is being donated by Cliff Henderson. It will be used exclusively by area children aged 4 to 14 who own their own two horsepower quarter midjet cars.

POWERED BY washing machine motors, the stubby vehicles are capable of speeds up to 25 miles an hour.

A six-foot highway setback was approved for a new subdivision in the Tamarisk Country Club area. The application requested the setback for 14 homes which will be arranged in a circular pattern facing a communal swimming pool.

A FINAL REPORT TO THE CITIZENS OF PALM SPRINGS!

FUTHER INFORMATION ON THE MARCH 19 SEWER BOND ELECTION

In previous reports, we have given the residents of Palm Springs complete information about the costs of our sanitation program. The financial reports have shown that the entire project can be financed at reasonable costs. The benefits to our entire community will be substantial. While the cost is important, there are other facts which we all should think about.

Palm Springs is a modern City in almost every respect. Our sanitary facilities should keep pace with the growth of our resort and permanent residential area. We must not risk the reputation of our City with inadequate sanitary facilities.

WE URGE ALL REGISTERED VOTERS TO GO TO THE POLLS ON

TUESDAY
MARCH 19 **VOTE "YES"**

MAYOR FLORIAN G. BOYD

City Council Members:

Ruth Hardy, Ted McKinney, Jerry Nathanson, G. K. Sanborn, Leonard Wolf.

This advertisement has been paid for by the Palm Springs Sewer Improvement Committee from private donations received.

WOMEN FAVOR SEWER BONDS, reports the campaign committee for a "Yes" vote. Sixteen Palm Springs women lunched at the Palm Springs Biltmore to discuss campaign strategy for the March 19 sewer bond election. They heard details of the program discussed

by Mrs. Berta Sanders, Women's Chairman, City Officials and Financial Specialists. Clockwise around the luncheon table they are, left to right, Mesdames Sanders, Ruby Aikin, Margot Morrison, Edna L. Brott, Mary Pickell, Dorothy Groth, Hazel M. Gross, Dorothy Freund,

Phyllis Levin, Gayle Burns, Pat Baumgarten (of J. B. Hanauer & Co., Beverly Hills), Mabelle Noyes, Geraldine Fredericksen, Marge Wasserman, and Adele Colgan, Miss Nancy Fitzgerald and Mrs. Peg A. Marx.

Fair Bleacher Moving Under Way at Hemet

Work is under way at the Hemet Fairgrounds, home of the Farmers' Fair of Riverside County, on moving of the arena and bleachers to a new location some 300 feet east of its present site. It was announced this week by Fair Manager Bud Hudson.

The move, Nelson said, is to make way for the proposed new Junior Fair Cattle Building, on which the Forty-sixth District Agricultural Association, sponsors of the Fair, will open bids on March 22.

If the bid opening results in contract for construction of the new building, work will begin immediately with an eye toward having the new cattle headquarters ready for the 1957 Hemet Fair, August 21 through 25.

The bleacher moving job is being handled by the Hemet firm of Slaton and Rhodes.

Tops in Slogans

SALT LAKE CITY. — Motorists from the Lone Star State started it by placing paper ovals in the rear windows of their cars reading "Built in Texas by Texans." Californians countered with the slogan, "Built in California by Indians." Now a Salt Lake driver carries in the back window of his tiny Volkswagen the legend "Built in the Black Forest of Germany by elves."

At least 42 different minerals have been found in an area five square miles at Magnet Cove, Ark.

BILL RASHALL Unedited

Most prospective fathers strut high wide and handsome in the belief that the newcomer will be a boy. There are few who actually first want a girl and this seems to be universal for some reason or the other.

Now I am more than thrilled with the little gal I've got at home by the name of Kater and I do not know that when the child is born, be it girl or boy, both parents are elated.

PAT O'DEA-AT Don the Beachcomers keeps telling the world that he cares not whether the child he is expecting is son or daughter, but privately it is known that he is a-wishing for a son.

Now in our building there is one Don Klotzbuecher, city editor, who will tell all and sundry that he expects a son. When I said that his baby would be a girl he immediately wanted to wager at least 25 cents that it would be a boy.

BE THAT AS IT may, along comes my friend, Charles Irwin, who is partial to boys and he is of the opinion that Pat O'Dea will be the father of a boy. With that belief he submitted the famous poem authored by Bobby Horne so many years ago. Irwin knows the lines by heart and has recited them hundreds and hundreds of times.

So herewith we respectfully quote the poem in full dedicated to the prospective parents, Gretchen Klotzbuecher and Agnes O'Dea, but particularly to the prospective fathers, Don and Pat.

My SON

My Son, what wonderful beautiful words
My Boy, what a wonderful phrase.

We're counting the weeks 'till you come to us
The weeks, the months and the days.

The new little stranger some babes are called
But that's not what you're going to be.

With double my virtues and half of my faults,
You can't be a stranger to me.

Your mother's as straight as a sapling plant.
The cleanest and best of her clan.

You're bone of her bone and flesh of her flesh
And with God's help, we'll make you a man.

Soon I will hold you in two strong arms
You that will howl for joy.

With a wonderful, beautiful, passionate pride
Because you're just — my boy.

And you will lie in your mother's arms
And croon at your Mother's breast.

And I'll thank God that I'm there to shield
The two that I love best.

A wonderful thing is a breaking wave
And sweet is the scent of spring.

But the silent voice of an unborn babe,
Is God's most wonderful thing.

We're listening now for that silent voice
And waiting, your Mother and I.

Waiting to welcome the fruit of our love,
'Till you come to us, by and bye.

We're hungry to show you a wonderful world
With wonderful things to be done.

We're aching to give you the best of both,
We're lonely for you — My Son.

BUT AS THE LORD gives he also takes and so we here wish to publicly express our heartfelt condolence to Phat and Alice Graettinger whose son Bob passed away Tuesday and was laid to rest today at 11 a.m. at Christ's in Ontario.

To the Firehouse

MILWAUKEE. — Frank Labecki drove a blazing garbage truck to Engine Co. No. 33. The firemen hauled out short lengths of hose and extinguished the burning garbage.

Threat Pays

NILES, Mich. — Judge Thomas W. Cain's threat of jail for drivers who failed to heed parking tickets paid off. Officers said an estimated 85 delinquent motorists jammed the police station to pay fines.

3-Unit Audio-Visual School No Longer Required, Report

Many postal patrons are still needlessly writing "may be opened for postal inspection" on parcel post packages, Rancho Mirage Postmaster Sid Greenleaf said today.

Greenleaf said Postmaster General Arthur E. Summerfield had asked postmasters throughout the country to call public attention to the fact that it is no longer necessary to take the time and trouble to put the notation on parcel post.

A recent rule change abolished the requirement that sealed parcel post packages contain the notation or be subject to higher postage rates. Formerly, if the mailer sealed the parcel post package and did not indicate that it could be

opened for postal inspection, it was subject to the higher first-class postage rate, collectible from either sender or addressee.

Postmaster Greenleaf said, "The new rule not only cuts out a bothersome bit of red tape, but it prevents mailers from being charged with high postage fees because of a small oversight."
